I don't know what you wanted me to talk about, but I sure get a kick out of this dedication. I can't put any thing I want to say in this without embarrassing myself you and the persons who read this in the future, so I'll talk about you and ~~the~~ vacation I hope you get back from quick. By gone you, sure going to put me in a spot, I've run out small talk I can't say anything else. all I can say is I hope you get back quick from your vacation, I'll miss you, see you soon.

"The distinct privilege of an American citizen is that he has the right to choose and function in any area of service or productivity; to raise a family; to choose his church; to go to the polls and vote; to make choices which affect not only his welfare but that of others. The citizenship stature of the American is of vast proportions. All this suggests for education a role, a quality, and a responsibility which set it aside as a unique institution."

Sincerely yours,
W. G. Austin

principal.....

It is a pleasure to extend greetings to old friends and congratulations to the graduating seniors through the pages of the El Lobo. We invite all former grads and friends to revisit the campus whenever it is convenient. Changes on the campus are taking place slowly but surely. This year has witnessed the introduction of multi-track courses and the extended day. Approval has been given for the construction of a new wing to accommodate a new science department and also additional classrooms. For the support the community has given the schools, we say, "Thank You." By the same token, a word of appreciation should be given the staff and the associated students for their continued efforts in keeping our standards high.

Congratulations to the seniors and best wishes to all.

Sincerely yours,
H. L. White

school board.....

The school board is the organization that keeps our school running on a sound basis. Their co-operation with government officials has made all the additions to our school possible. With an active school board like ours, Chandler High School will progress with the times and continue to be a better school.

The school board members are: (left to right) Dr. Clifford Goodman, Clerk; G. E. Patterson, member; Hugh Arnold, President; and W. G. Austin, Superintendent.

FREE ENTERPRISE

Means Better Times

The job you'll have — the place you'll work — the tools you'll use, are all the result of free enterprise at work. Free enterprise means continuing progress through keen competition. It means a better life; a more challenging future for you.

Business managed companies like Arizona Public Service are proud to be a part of this system; proud to take part in local activities; to pay their fair share of taxes; and to provide good service at a fair price. This is free enterprise at work — working for your future.

Congratulations Seniors
